

# EVIDENCE-BASED UPDATES IN ADHD FOR SCHOOL-BASED PRACTITIONERS

A virtual workshop presented by Russell A. Barkley, Ph.D.

**APRIL 14, 2021 | 8 A.M.-3:30 P.M.**

This workshop is designed to help therapists and teachers create a learning environment that is responsive to the needs of all students, including those with ADHD. Attendees will be able to:

- Identify recent advances in the diagnosis, nature and etiology of ADHD in children and teens including common co-morbidities associated with ADHD.
- Describe methods for managing ADHD in school
- Define the disorders of executive functioning and self-regulation in children and teens with ADHD
- Differentiate the features of "sluggish cognitive tempo" versus ADHD

For more information, contact Laura McFarland at [lmcfarland@hcde-texas.org](mailto:lmcfarland@hcde-texas.org) or 713-696-8231.

*This workshop is partially funded through a grant from the Texas Council for Developmental Disabilities.*

## ABOUT THE SPEAKER

### Russell A. Barkley, Ph.D.

is an internationally recognized authority and best-selling author on attention deficit hyperactivity disorder (ADHD or ADD) in children and adults who has dedicated his career to widely disseminating science-based information about ADHD. Dr. Barkley retired as a professor of Psychiatry and Neurology from the University of Massachusetts Medical Center and subsequently worked as a professor of Psychiatry and Health Sciences at the Medical University of South Carolina. He is currently a clinical professor of Psychiatry at Virginia Commonwealth University Medical Center. He continues to lecture widely and develop continuing education courses for professionals on ADHD and related disorders, as well as consult on research projects, edit The ADHD Report, and write books, reviews, and research articles.
